

Printegra is ready to support all your Check 21 Compliance needs!

PRINTEGRA Check21 Update

By now you may have heard about the Check Clearing Act for the 21st Century also known as **Check 21**. Fear not! Printegra, your business document manufacturing partner, is ready to assist you and your customer in all your Check 21 needs! When your customer or their financial institution requests Check 21 compliant documents turn to Printegra!

Printegra has the Proper Testing Equipment and procedures in place to ensure that your documents are Check 21 Compliant. We have spared no expense and installed ANSI Certified RDM Image Qualifiers at all 9 national check manufacturing locations and can perform testing at **NO CHARGE** on any new or repeat job to verify Check 21 Compliance. Printegra's VOID pantographs have also been redesigned and are Check 21 Compliant.

Because Check 21 ANSI X9.7 requirements are voluntary and may change the aesthetic look of a document.; we are asking that you please mark your Purchase Order "**Make Check 21 Compliant**" if you would like any new or repeat order designed to Check 21 standards.

Repeat orders requesting Check 21 compliance will be processed as follows:

- **Testing** - Checks will be tested on-site with certified equipment available at all local Printegra facilities.
- **No Changes** - If no changes are needed we will proceed with your order.
- **Changes Needed** - If changes are requested on **any repeat orders** you will be notified with our recommendations. Check 21 changes to a repeat orders will require a proof for your approval. This may add up to 2 additional days to your delivery.
- **Exact Repeat Check Orders Placed Online** - Orders can not be placed online if the check needs to be tested and/or converted to Check 21 standards.
- **Cost for Check 21 Compliance** -
 - FormSource & my FormSource Software Compatible Checks** -
No charge to convert any previous check job.
 - Custom Repeat Orders** - \$20/Flat Check 21 Composition Charge.
